

1098103 | HAMMER4 concrete drill bit with 4 cutters - SDS+ - L 110 mm ESSENTIAL (Hanging SDS clip)

High-strength drill bit for reinforced concrete and hard materials, thanks to its 4 cutting edges

- Especially for reinforced concrete and hard materials
- Tough
- Precise drilling
- SDS+ shank
- Pad with 2 cutting edges

Machine

Application

Concrete

Reinforced concrete

Stone

Features

Properties and benefits

- + SDS+ shank: attachment for SDS+ hammer drills (10 mm shank diameter) compliant with the SDS+ label, up to a power of 3 joules. ➡ Maximum striking power transmission for the simple and fast processing of the most difficult materials. For bits measuring 4 to 25 mm.
- + Cutting insert with 4 cutting edges: carbide cutting insert designed with four cutting edges, distributed force, anti-jamming effect. ➡ Enables the drilling of hard materials and reinforcing rods, thanks to its 4 cutting edges.
