

1080052 | 3-point wood drill bit L250 mm - Cylindrical shank **TECHNIC (Blister)**

High-performance drill bit for deep and through-drilling, in all types of wood, thanks to its 3-point fluting and high-clearance fluting.

- Especially for hard and soft woods
- Deep and through-drilling
- Rapid drilling
- Effective Chips removal

- Carbon steel
- Large chip clearance
- Centring point
- Cylindrical attachment
- Long series

Machine

Application

Features

Properties and benefits

- + Carbon steel: body designed in a grade of steel designed for thermal processing, enabling excellent power and torque transmission. ➡ Enables the fast and precise cutting of the tools into soft and hard woods. Superior service life.
- + Effective removal of chips: flutes wit effective removal, for the optimal removal of chips. ➡ Enables fast drilling on account of the simple removal of chips.
- + Centring point: cut designed with a central centring point ➡ Enables the simple centring of the drill for precision work.
- + Cylindrical shank: cylindrical attachment for all types of machine equipped with a 3-jaw chuck. ➡ Universal and safe attachment, suitable for all drills equipped with a 3-jaw chuck.
- + Long series: tool designed with a long body and flutes, for the effective removal of chips ➡ Enables deep and through-drilling
