

1080014 | Single spiral wood drill bit L200 mm - Hexagonal shank TECHNIC (Plastic sleeve)

High-performance drill bit for deep and through-drilling, in all types of wood, thanks to its single, high-clearance fluting.

- Especially for hard and soft woods
- Deep drilling
- Optimal chip removal
- Anti-rotation attachment
- Maximum long life
- Carbon steel
- Hexagonal shank
- Large chip clearance
- Centring point

Machine

Application

Features

Properties and benefits

- + Carbon steel: body designed in a grade of steel designed for thermal processing, enabling excellent power and torque transmission. ➡ Enables the fast and precise cutting of the tools into soft and hard woods. Superior service life.
- + Hexagonal shank: shank machined with 6 flats ➡ Excellent hold of the bit inside the chuck, enables maximum torque transmission.
- + Effective removal of chips: flutes wit effective removal, for the optimal removal of chips. ➡ Enables fast drilling on account of the simple removal of chips.
- + Centring point: cut designed with a central centring point ➡ Enables the simple centring of the drill for precision work.
