

Incredibly fast and precise high-performance drill bit for the hardest of woods, thanks to its speed point sharpening, which is particularly suited for angled drilling.

- Especially for hardwoods and terraces
- Incredibly fast drilling
- Maximum long life
- Ultra-precise/controllable drilling
- Made in France

- Tri-flat shank
- High-speed steel
- SPEED-POINT tip
- SLR laser graduation

Ø 2 - 2.5 - 3 - 4 - 5 mm

Machine

Application

Features

Properties and benefits

- + Tri-flat shank: cylindrical shank with 3x 120° flats, for 3-piece drill chucks. ➡ Enables maximum torque transmission Prevents the rotation of the bit in the chuck. Specially adapted for through-holes.
- + High-speed steel: HSS substrate ➡ For general use in steels and cast irons up to 950 N/mm²
- + SPEED-POINT tip: Special TIVOLY grinding bit, for simple centring, and an attack and exit without splinters. ➡ Enables incredible fast drilling, and drilling at an angle, without a guide and with no slippage.
- + SLR laser graduation: laser graduation on the cutting part of the drill bit. ➡ Laser graduation allows you to control your drilling depth while the bit is rotating.
